

Rubrics for Oral Presentation

Overall Rating	Delivery and Fluency	Pronunciation	Accuracy: Vocabulary	Accuracy: Structure
Exceeds Expectations	Fluid, smooth speech; no or very few hesitations and pauses. Clear, enthusiastic, creates interest.	Fully comprehensible, attempts to imitate native speech with appropriate intonation patterns.	Accurate and effective use of studied words. Variety. Exceeds requirements.	No significant errors. Control of grammatical structures studied.
	4	4	4	4
Meets Expectations	Generally flows. Little hesitation. Maintains interest of audience.	Generally comprehensible. Some difficulties with vowels and stress.	Generally accurate. Adequate use of required vocabulary.	Generally accurate. Few significant errors in areas studied.
	3	3	3	3
Almost There	Hesitant, monotone, requires prompting. Does not maintain interest of audience.	Interferes with comprehensibility. English vowel sounds. Stresses wrong syllables.	Errors in usage of vocabulary. Limited. Includes most, but not all requirements.	Several significant errors in areas studied. Control lacking.
	2	2	2	2
Below Expectations	Very hesitant, halting speech. Incomplete, uses English, reads script.	Incomprehensible.	Error-filled. Inadequate, repetitive, and/or inaccurate use of vocabulary.	Constant patterns of error in areas studied. Few correct grammatical structures.
